Columbus, OH 43219

These summer field trips provide students with valuable insight into a variety of local businesses and the many facets that make up each organization. They also offer companies a unique opportunity to showcase who they are, what they do, and how they connect with students through hands-on activities that deepen understanding. We've found that students are especially enthusiastic and engaged when friendly competition is a key part of the experience!

Sincerely,

Laura Wagner
Director of Human Resources
